Dear Minister Barak,

please allow me to extend my thanks for your visit to our Audi Driving Experience during the Annual Meeting of the World Economic Forum held last week in Davos. Both my wife Ursula and I have been very honored to meet you and your wife again.

As you know Audi since many years offers the opportunity for a special test drive on ice to the participants of the Annual Meeting. This year again the test drive has been booked very well and we were glad to receive a lot of feedback from the participants. We hope that you could get some impression of the capabilities and benefits of quattro not only in our standard vehicles but also in the special A8 we could show to you.

Dear Minister Barak please allow me to again thank you for your visit. My wife Ursula and I look forward to meet you and your wife latest in 2014 here in Salzburg for the Salzburg Festival. Please feel free to contact us at any time. We would be more than honored to support you in the preparation of the visit. Until we meet again I remain

With kind regards
